THE PREZ SEZ.

Greetings to all!! I'd like to take up some space in our newsletter, preferable somewhere in the corner entitled "The Prez Sez" going forward. This little corner in the newsletter will feature club updates and current events that our club is undergoing amongst other things.

However, I'd like to start this article by introducing myself and tell you about your new President of the Great Dane Club of California. Most of you know me already, for those who don't, my name is Jim Howey and I have had companion dogs all of my life. In 1981, I purchased my first AKC registered dog, a salt & pepper Miniature Schnauzer named Dino. In 1996, I was introduced to what I thought was the most magnificent and regal dog, the Harlequin Great Dane. I then purchased my foundation bitch Lauren in 1997 who went 1st in class in open Harlequin at the 1999 National Specialty. Lauren went on winning handled by Sylvia Rodwell and ultimately finished by Doug Toomey in 2003. During this time, I was handling my bred-by boy Dorian, who I finished in 2005 as breeder, owner & handler. Currently, I am campaigning another bred-by boy Shane, who went RWD at Palm Springs and BOW at his 4th showing at the recent Orange Empire Show on Sunday at only 13 months.

Early in my showing career, I attended George Alston's handling 2 day seminars, placing 3rd out of 20 in his beginning class and 2nd out of 20 in his advanced class. I have traveled up north to visit with Eva Robinson, have had conversations with my friend Gina Jaeblo, wanted to visit with Laura Kiaulenas, but didn't get the chance and you can find me at ringside sitting with my dear friend Maryann Wilson. All of who have guided me through my very colorful breeding program and I mean colorful! I have attended breeder's seminar's amongst them was Pat Hastings "Puppy Puzzle" and more recently an AKC Judge's seminar's hosted by Pete Gaeta. One of my ultimate goals is to become an AKC Judge because of the undying love I have for the breed.

I look forward to a wonderful and exciting year with the club as we have our own back-to-back specialties coming up in June as well as co-hosting (with our other Division Partners) the 2011 Great Dane Club of America's National Specialty in Arizona. I'd like to see everyone at our specialties this year as they are going to be a lot of fun and we will collectively show our support for the gentle giants we so dearly love.

With respectful regards,

Jim Howey

In Loving Memory

It is with great sadness that we report the passing of Robert (Bob) Matchett on February 3, 2011. Bob, an AKC Judge and breeder, was a pillar in the dog world and of course the Great Dane world. He was a long-time active member of not only Great Dane Clubs, but all-breed clubs also. Bob was an Honorary Member with the Great Dane of California who joined the club in 1958. He will be missed.

Pet Expo Volunteers Needed!! April 15-17, 2011

GDCC is again sponsoring the Great Dane Breed Booth at the Pet Expo this year. It will be held at the Orange County Fairgrounds in Costa Mesa. This is a very important activity as it's our chance to educate the public about our breed!

What do you need from you???? YOUR SUPPORT AND HELP!!!

First of all, we need doggie volunteers!! All ages, colors, sex, ears cropped or natural are welcome! HOWEVER, this is an intense and tiring day for the dogs as they are constantly being petted, in close quarters with other dogs and people, and alot of noise. If you would like to volunteer yourself and dog, we'd love to have you, but please be sure your dog can function under control in close quarters with other dogs and people. They have to be "bombproof".
IMPORTANT NOTE: Please no bitches in season!!

Second of all, we need people volunteers too! Even if you don't have a dog available to man the booth, we can use you! There's hundreds of people asking questions about our great breed. (How many times can you answer – How long do they live? How much do they weigh? How much do they eat?, etc.) It's fun to talk to all the people who visit this big event.

If you can volunteer any or all of the days of the Pet Expo for at least a couple of hours, the club greatly appreciates it.

Pat Schempp is coordinating the set-up and volunteers and everything else for the booth. Please contact Pat for questions and details. Her contact info is PSchempp47@aol.com and phone number is (562) 429-4190.

Rescue Discussion

At the February Meeting, the floor will be opened for discussion regarding the current GDCC Rescue/Referral procedures, as well as proposals we have received for updating our policies. It is asked that any member who wishes to express their thoughts/suggestions also bring their ideas in written form to be submitted to the Board for compilation. Discussion will be limited to approximately 5 minutes per person. Please see January 19 Meeting Minutes for more details.

Rattlesnake News - A Warning!

This information is from an e-mail routed by Stormy Hope
from carpoc.org

Better to be aware.

I've been seeing this and telling people for about 15 years up here. Lost 3 adult horses to neurotoxic bites. The Pacific rattlers have apparently interbred with a neurotoxic species (mojave?) and I have experienced not only the "no" warning (no rattling) but extra aggressive behavior early in the season. I don't think the snake vaccine for dogs protects much against this species. I consider every rattler dangerous and possibly having neurotoxin. At first it seemed mostly the black diamondbacks, but other rosey/red /tan colored ones have been neurotoxic too. — Fred Zadick DVM

Read all the links
Please note:

A dog was recently bitten in Garner Valley by a Southern Pacific rattlesnake. The treating veterinarian noted that the venom was neurotoxic and insisted that the snake had been a Mojave Green. The dog's owner, however, has a degree in herpetology and knew positively that the bite came from a Southern Pacific rattler.

The dog developed none of the symptoms associated with hemotoxins; there was no swelling at all. Despite the injection of three vials of antivenom, the dog died.

The dominant species in the San Jacinto Mts (above the pinyon line) is the Southern Pacific. A recent study detected neurotoxins in a 25% of 25 samples. It has also been noted that the species seldom rattles. I have personally removed four Southern Pacific rattlesnakes from my property in recent years; not a single one sounded the characteristic warning rattle.

These developments indicate that the Southern Pacific rattler is far more dangerous than previously thought. The bite is becoming "supertoxic". — George Service

The Southern Pacific rattlesnake, *C. oreganus helleri*, has myotoxic, neurotoxic, and hemorrhagic components in its venom (51, 52). French et al. (53) reported that Mojave toxin (MT) has been detected in five of 25 *C. oreganus helleri* using anti-MT antibodies and was confirmed using nucleotide sequence analysis. All of the positive venom samples for MT were collected from Mt. San Jacinto in Riverside County, California.

Background

Launched in 1989, Canine Good Citizen is an AKC certification program that rewards dogs with good behavior both at home and in the community. Testing is a ten (10) part test that requires passing all ten (10) parts to obtain CGC Certification:

1. Accepting a friendly stranger	6. Sit and down on command and Staying in place
2. Sitting politely for petting	7. Coming when called
3. Appearance and grooming	8. Reaction to another dog
4. Out for a walk (walking on a loose lead)	9. Reaction to distraction
5. Walking through a crowd	10. Supervised separation

Additional Information

Dogs must be on leash when performing tests. Well-fitting buckle or slip collars made of leather, fabric, or chain, should be worn by dogs. Pinch collars, head halters, and other special training collars are not permitted in the CGC test. A 20' lead for the test will be provided by the evaluator. The dog's brush or comb should be brought to the test by the owner/handler. Owners/handlers may praise and use encouragement throughout the test. The owner may pet the dog between exercises. Treats and food are not allowed during testing, neither are toys, squeaky toys, etc. Upon passing, owners/handlers will be provided with the proper documents to submit to the AKC for CGC registration. Any applicable AKC fees are the responsibility of the owner/handler. Dogs that eliminate during testing will be marked failed. There is an exception to this rule in that elimination is allowable in test Item 10, when test Item 10 is held outdoors.
