## June Open General Meeting & Picnic Burbank Show - June 30, 2018

We are always looking for some great dishes and pertinent menu items for our upcoming club meeting / picnic. Please contact Lorrie Burnham and let her know what you'll be bringing. The meeting will be held at the Burnham/Rock RV set-up. Remember to wear your club t-shirts!

### A Raffle Thank you

To all of our GDCC Club members and friends: I would like to thank each of you for your donations to our raffle and silent auction. It was a lot of fun and we raised over \$1400 from our booth. We couldn't do it without all of you and I want you to know that it is appreciated.

# Big Dog Corner

When is a Dane not a Dane? When it's running the AKC FAST CAT Trials!

Who thinks their Great Dane runs fast? Here's an great opportunity to find out. Southern California Lure Coursing has finally brought AKC FAST CAT Trials to Chino, California. AKC FAST CAT provides owners the ability to witness just how fast their dog can run the 100 yard dash. This is one of the only performance sports which is driven solely by the dog's pure instinct to chase a lure. The dog can earn points towards an AKC Title based on their handicapped speed which is determined by size and converted to miles per hour. The handicap is broken down by *12 inches and under*, *12-18 inches* and *18 inches and over* and are run only one at a time. Titles are earned by accumulating points based on their handicap speed.

May 5th was the very first FAST CAT in Chino, California. Zamara's 100 yard dash clocked in at 27 miles per hour. Two people are needed, one to "release" the dog and one to "catch" the dog. I recommend the owner of the dog be the catcher so your dog is running as fast as they can towards you and the lure. Make sure whoever is holding the dog at the start to release is able to handle a strong forceful Great Dane!! I put my hand over her eyes so she could not see the dog in front of her run and it worked very nicely. The catcher can do anything they want to do to entice the dog to run faster as long as they do not cross the finish line. This being our first time, Zamara slowed way down about 10 yards to the finish line which cost us time. Next time I will either have a squeaky toy or turn and run away from her as if we're in a race.

The current top speed to beat in AKC rankings for Great Danes so far this year is 27.8 miles per hour.....could your Dane set the next top speed? Sign up and find out! The next FAST CAT is in June and will fill up quickly as they only allow 70 participants.

For more information, please visit the AKC web site and Southern California Lure Coursing site.

### Bulletin Advertising Ads

Showcase your dog in the bulletin and support the club!

Payment for ads are as follows:

	<u>Member</u>	<u>Non-Member</u>
<b>Front Cover</b>	\$35.00	\$45.00
<b>Full Page</b>	\$25.00	\$35.00
<b>Half Page</b>	\$20.00	\$30.00

It's on a first-come-first-serve basis excluding previous reservation commitments. If you would like to include your ad in upcoming issues, please contact Mindy at [MLDT@earthlink.net](mailto:MLDT@earthlink.net) or (909) 628-8289 to submit your reservation!

### Funny Pics?

If you have a funny picture of your dog (probably doing something they shouldn't be???), send it to the bulletin editor. We're always looking for something amusing to use when space is available. Any questions, contact Mindy at [mldt@earthlink.net](mailto:mldt@earthlink.net) or 909.628.8289.

## Great Dane Dilated Cardiomyopathy Study

We are looking for DNA samples from affected Great Danes with dilated cardiomyopathy

We are also looking for samples from unaffected Great Danes at least 9 years of age. They do not need to have been evaluated by an echocardiogram (cardiac ultrasound) to participate but if they have been and you have that information it would be helpful to us!

Ideally the samples would be from dogs with a pedigree but we can take samples from non-pedigreed rescue Danes as well. If you do have a pedigree and can include a Xerox copy that would be VERY helpful as well!

- **Please return the form on page 2 with your sample and mail to:**

NCSU – College of Veterinary Medicine  
ATTN: Veterinary Cardiac  
Genetics Laboratory  
Research Bldg. 228  
1060 William Moore Dr.  
Raleigh, NC 27607

### **Sample collection**

Please ask your veterinarian or a veterinary technician to pull a blood sample into an **EDTA** tube. Most veterinary hospitals have these readily available.

1. Blood drawn into a Standard EDTA Tube does not need to be refrigerated.
2. Blood draw volume should be 2 to 3 ml, if possible.
3. Please label tube well, with animal's call name and family last name and send the samples to our lab via the address above.

**Blood drawn does not need to be mailed back with ice packs or be shipped overnight. However, if possible please try to send the sample within a few days by standard mail. Until the blood can be mailed, it is a good idea to refrigerate it (i.e., if the blood was drawn late Saturday and cannot be mailed until Monday, it's a good idea to refrigerate it between Saturday and Monday).**

## Why We Love CHILDREN!!

A kindergarten pupil told his teacher he'd found a cat, but it was dead. "How do you know that the cat was dead?" she asked him.

"Because I pissed in its ear and it didn't move," answered the child innocently. "You did WHAT?!!" the teacher exclaimed in surprise.

"You know," explained the boy, "I leaned over and went 'Pssst!' and it didn't move."

One summer evening during a violent thunderstorm a mother was tucking her son into bed. She was about to turn off the light when he asked with a tremor in his voice, "Mommy, will you sleep with me tonight?" The mother smiled and gave him a reassuring hug. "I can't dear," she said. "I have to sleep in Daddy's room." A long silence was broken at last by his shaky little voice: "The big sissy."

One day the first grade teacher was reading the story of Chicken Little to her class. She came to the part where Chicken Little warns the farmer. She read, "...and Chicken Little went up to the farmer and said, 'The sky is falling!'" The teacher then asked the class, "And what do you think that farmer said?" One little girl raised her hand and said, "I think he said: 'Holy Sh\*t! A talking chicken!'" The teacher was unable to teach for the next 10 minutes.
